PARTS OF A PINE DOOR

Quality in every detail. A door made to last.

Every Mlango Core door is built from carefully crafted components that work together to create strength, beauty, and lasting performance.

FRAME

The outer frame that holds the door together.

ARCHITRAVE

A decorative trim that finishes the doorway with style.

GLASS PANEL

Lets in natural light while maintaining privacy.

GLAZING BARS

Divides the glass into panes and adds classic character.

RAIL

Horizontal members that add strength and structure.

STILE

Vertical members that form the sides of the door.

PANEL

Solid timber panels that create the door's distinctive style.

QUARTER-ROUND

A subtle molding that neatly covers joints.

FRAME SECTION

Solid construction for lasting strength

ARCHITRAVE PROFILE

A refined finish for beautiful spaces

QUARTER-ROUND

The finishing touch that brings it together

FRAMES, ARCHITRAVES & QUARTER-ROUND

Complete pine door systems, designed to finish beautifully.

Precision joinery and solid pine profiles that complement our door collection. Built for strength, easy installation, and a refined cohesive look in every space.
